Foreword

We shall forget many of the things which have made our high school days worth while. We'll lose some of the eagerness and enthusiasm we now have, and even a few of our cherished memories will be lost with the passage of time.

It is the desire of THE PANTHER to keep those memories living. Its purpose is to record the year's activities in such a way that each page will lead us over the old paths, cause us to revive old experiences, renew old friendships, and recapture the moments that are gone.

To all members of the Beta Club who contributed to the completion of this yearbook — I am sincerely grateful.

Editor

MR. WILLIAM M. HUNTER, B.S., M.A.
Superintendent of the Portland Schools

Because of your patience and understanding, you have the respect and affection of the faculty and students who work with you daily. We realize that our problems and waywardness may have caused you to say *"There are days that try my soul!"*

We want you to realize that we do appreciate your interest and consideration at all times. The ideals you have upheld are for our improvement. From the depth of our hearts we wish for you both **success and happiness!**

THE SENIORS

Dedication

COACH DOUGLAS McDONALD, B.S., M.A.

To a coach who has taught us to value the ability to take defeat as well as victory—

To a coach who places sportsmanship and clean play above other characteristics of a good game—

To a coach who demands that we give the best that we have at all times—

To a coach who has done much to improve the quality of athletics in our school during the five years he has been our leader—

To a coach who has given more time and personal service than we students will ever know—

We, the Senior Class of 1951, dedicate
this edition of THE PANTHER.

CLASS PROPHECY

May, 1962

Dear Diary,

This has been quite a day. On my rounds as a traveling saleswoman, I returned to Portland. There have been many changes, but it'll always be the same old town. Before starting work, I decided to visit S. C. H. S. The first two people I saw when I stepped into Miss Marie's room were John Woodard and Deano Graves, still sitting in their same old places by the radiator. Miss Marie had given them up as hopeless and gone on a vacation, while Wanda Kirkham was substituting for her. She didn't seem to be making much progress though. John still thinks cat is spelled k-a-t. I was very much surprised to find that Harold Dean Harper is now the mathematics teacher.

After a brief visit to every classroom, I went to town where I met Noel Lane and Bert Angera, still captains, but in the navy. They're expecting a promotion and will probably get it too. As I left them, a large poster attracted my eye. The big Joe David Dye Circus was coming to town. Wayne Bennett was the ring master, and it featured, can you believe this, Rebecca Hurt, the greatest lion trainer on earth. Her lions make Mable Stark's look like alley cats.

Still dazed, I walked up the door of a beautiful house. The butler, Bobby Torrents, opened the door and showed me into the library where I sat down to wait. Well, I picked up the paper, edited by Joe Jones with Frank Empson as art editor. Who should be on the front page staring back at me but Gloria Link, who was back home to stay after living in France for the last few years! She was dressed in the latest Paris creation. C'est la la. The next page showed a picture of Joan Hart, new Paramount star, who is currently appearing in the movie "Put Your Shoes On Lucy," produced and directed by William Roark. She had been photographed by Larry Moore, who seems to relish his profession of photographing pretty girls. The music on the radio suddenly drew my attention. It was the most beautiful string music I have ever heard. You're right, it couldn't be played by any other than these famous Grand Old Opera stars, Harold Young with his mandolin and Charlie Cartorne with the guitar. Suddenly the program was interrupted by the great news commentator, Clyde Riggs, who predicted that Bettye Dye would win the election and be the first woman senator from Tennessee and that Joe Dobbs' Vandy team would win over Tennessee 100-0. Clyde Riggs' predictions are 99 1/2 percent correct.

I switched off the radio as the lady of the house, the former Shirley Lovell, appeared. While talking of our old school mates, she told me that she had just received a telephone call from Alberta Street, who's hostess for Portland Airlines. It seems that Lloyd Hester, who got his training by driving his Chrysler, had lost control of the plane going through a drove of flying saucers and had to make an emergency landing near Buck Lodge. The able Dr. Carleen Knowles and her nurse, Maurice Utley, were on hand to see that everyone was taken care of. No one seemed to be hurt though, except Mayor Robert Pearson who was unconscious for a few minutes. While he was out he kept saying, "I knows da's ghostes cause I est see d one." I suppose he was just dreaming of his role in a Chapel program back at S. C. H. S.

When Shirley told me that a big super market had just been opened by Floyd Briley and his wife Joan, well known as the town gossip, I rushed down to see what I could find out. Joan couldn't wait to report that if it didn't all blow over, James Dickens and Jess Wiseman were going to build a bubble gum factory on the square in Portland. Opposition to the enterprise comes from Dan West, Chairman of the school board, who believes that all the children will want to quit school and work there, and from two big strawberry farmers, David Harper and Lonnie Briley, who fear that Portland will cease being the strawberry capital and get to be known as, "Portland, heart of the bubble gum belt." Mayor Pearson has been quoted as saying, "It's a grand idea."

Joan also told me that pianist Louis West and singer Anne Brown were going to appear at Carnegie Hall as soon as Hugh Allen Cragge, construction engineer, and his men completed repairs. Louis and Anne had teamed up to perform at Patty Brown's grand wedding when talent scout, Sue Vanatta, heard them and helped them on their way.

I would have enjoyed staying longer with Joan but her triplets were playing Tarzan, swinging from the light fixtures and landing around my neck. It began to get on my nerves. Also I couldn't hear very well for one of them kept trying to stuff my ears with cotton. As I was leaving, I noticed an advertisement of tooth paste. The smiling girl in the picture was Sue Martin, an excellent choice to be sure.

While walking on down the street, whom should I meet but Pearl Heady, now home on a vacation after winning fame at the Indianapolis Speedway as the only girl who can drive through a stone wall without putting her brains out. She told me that Frances Keith's husband decided to run for governor of Tennessee and that they and their two lovely little girls had moved to Nashville.

We stopped in for a bite to eat at Lanier's Pharmacy, owned and operated by Carey Lanier. Goldie Woodall waited on us. She showed us a new book entitled, *JUMP IN THE LAKE* written by Kenneth Harper. It is the sequel to his well-known story, *WHAT I'D DO IF I WERE STALIN*. I noticed that it was printed by the James Porter Publishing Company.

As Pearl was driving me home, she reminded me that this was the tenth anniversary of our graduation from S. C. H. S. As we were recalling the fun we had at football and basketball games, class tournaments and all the other times, we realized that good times are never gone if they're not forgotten.

A BOOK OF MEMORIES

*The book of time has open'd its page
To the yearning youth so free,
"Come write your page as others have done
And build your history."*

*There are pages filled with study
That some wrote with array;
But others lingered along
Deciding they had rather play.*

*One chapter holds the battle
That for years had been defeat;
'Til our noble knights charged on
To fling the foe beneath their feet.*

*Some are filled with happiness,
While others tell the sad;
And somehow, somehow, it seems
The good o'ercame the bad.*

*As time wears on—the pages turn.
The ink is getting low.
We suddenly awake from a wonderful dream
And find it's time to go.*

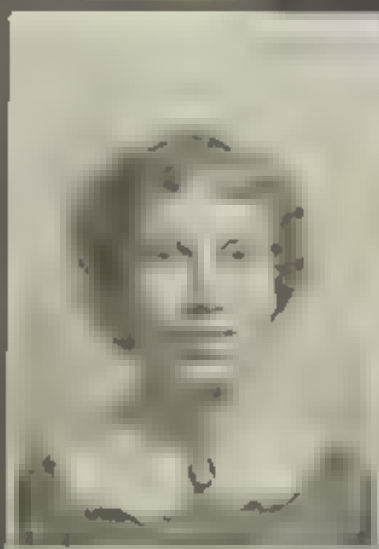

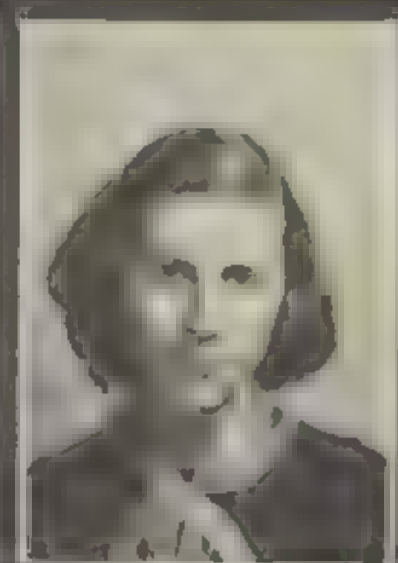

*The waning chapter soon will close.
The book of youth departs;
But the book of memories forever remains
Entwined within our hearts..*

Dear June,

Remember all the good
times we have had on these
club trips, practicing basketball
and at 'Dun Old S.C.H.S.' Hope you
lots of luck on Ditmars next year.
lots of luck and all the happiness and
measure in everything you do.
Love & care,
Daddy

Dear one,

This is one of the times
I can't think of much to
say! There are three times
before it is out! I guess the
first thing I'll always
remember in the 3 period
of always spent in the
place and then, in the
library, I remember when
we used to sit in the
office and look out at the
big building for the
certain people. May be
till I have got to think
of it, I'll always remember
this time when we always
"had something to do".
And at that time told me
about the people. Now you
want will please. I hope
that something will be
coming in the future, and
I will be with you, with
of the government and
want to write something
before we leave the night
out to write something.
I'll be at home about
the time you are home for good!

Dear June,
I have enjoyed knowing
you these past two
years. You are a sweet
girl and I will always
remember you.
